End of session |

*** DIFC**

The UAE’s DIFC Courts administer a unique English-language common law system – offering swift, independent justice to settle local and international commercial or civil disputes.

The Courts, based in Dubai, provide certainty through transparent, enforceable judgments from internationally-recognized judges, who adhere to the highest global legal standards.

The DIFC Courts are independent from, but complementary to, the UAE’s Arabic-language civil law system – offering a choice that strengthens both processes while ensuring public access to world-class justice. The DIFC consists of an Academy of Law, a Wills Service Centre, a DIFC-LCIA Arbitration Centre and DIFC Courts
